

FEATURES AND BENEFITS

The environmentally friendly Activated Carbon Rigid Compact Filter offers a 2 in 1 product using F7 grade mini-pleat media impregnated with approx. 3.5 kg of activated carbon to remove problematic gases and odours and improve indoor air quality.

It can be retrospectively installed into existing filter housings and frames with no major modifications as a retrofit to bag filters and offers a totally rigid construction.

Lightweight and easy to handle compared to conventional carbons.

Robust and fully durable and incinerable making them suitable for disposal without going to landfill.

APPLICATIONS

For removal of odours and general nuisance smells.

- Office Blocks
- Food Industry
- Pubs
- Leisure Industry
- Museums
- Hotels
- Hospitals
- Retail Stores

PRODUCT OPTIONS AVAILABLE

- 3 standard sizes available
- 20mm & 25mm header frame options
